SCIENTIFIC PROGRAMME OF THE FIRST DAY OF THE CONFERENCE
OCTOBER 21, 2022 LARGE HALL «TASHKENT»

8.30-13.00	<p>1st Plenary session Presidium: H.G. Fozilov, Director of the RSSPMCC; R.D. Kurbanov, Chairman of the Association of Cardiologists of Uzbekistan, Academician; A.M Sagirov, Director of the Aral Regional Specialized Scientific-practical medical center of Cardiology and Cardiac Surgery</p>
8:30-8:50	<p>Khurshid Gayratovich Fozilov, Director of the RSSPMCC. "Actual tasks of providing specialized cardiological care to the population of Uzbekistan: What has been done and what needs to be done?". (Tashkent, Uzbekistan)</p>
8:50-9:10	<p>Sagirov Anvar Mithatovich. Director of the Aral Regional Specialized Scientific-practical medical center of Cardiology and Cardiac Surgery, Urgench. "Cardiology of Khorezm: yesterday and today". (Khorezm, Uzbekistan)</p>
9:10-9.30	<p>Kurbanov Ravshanbek Davletovich, Academician of the Academy of Sciences of Uzbekistan, Chairman of the Association of Cardiologists of Uzbekistan. "Strategy for improving the effectiveness of primary and secondary prevention of sudden cardiac death". (Tashkent, Uzbekistan)</p>
9.30-9.40	<p>Opening of the scientific-practical conference of cardiologists of Uzbekistan. WELCOMING SPEECH OF THE MINISTER OF HEALTH OF UZBEKISTAN MUSAYEV BEHZOD ANVAROVICH. Presidium: H.G. Fozilov, Director of the RSSPMCC; R.D. Kurbanov, Academician of the AS of Uzbekistan Chairman of the Association of Cardiologists of Uzbekistan; A.M Sagirov, Director of the Aral Regional Center of Cardiology and Cardiac Surgery; Y.M. Lopatin, Corresponding member of RAS, Member of the board "Heart failure specialists' Society" RCS; Borge Nordestgaard, winner of the N.N. Anichkov International Prize; Krzysztof Fillipiak, Chairman of the Association of Cardiologists of Poland; J.C. Mohan, vice-president of the Cardiological Society of India</p>
9.40-10.00	<p>Lopatin Yuriy Mikhailovich, Professor, Corresponding Member of the Russian Academy of Sciences, Head of the Department of Cardiology and Functional Diagnostics at the Volgograd State Medical University. Member of the Board of the Society of Heart Failure Specialists of the Russian Federation. Member of the Advisory Board of the ESC Heart Failure Association. "Treatment algorithm and modern approach to therapy of patients with chronic heart failure". (Volgograd, Russia)</p>
10.00-10.20	<p>Sagirov Marat Anvarovich, Chief Cardiac Surgeon of the 1st Cardiac Surgery Department of the Research Institute for Emergency Medicine N.V. Sklifosovsky. Chief freelance specialist in Cardiovascular Surgery, Moscow. "Modern possibilities of surgery in the treatment of chronic heart failure". (Moscow, Russia)</p>

10.20-10.40

Borge Nordestgaard, Professor at the University Clinic of Copenhagen, winner of the N.N. Anichkov International Prize in the Field of Atherosclerosis, EAS-2022. "European Guidelines for the Prevention of cardiovascular Diseases". (Copenhagen, Denmark)

10.40-11.00

Koziolova Natalia Andreevna, Member of the Presidium of the Board of the Russian Cardiological Society, President of the Perm Regional Cardiological Society, Head of the Department of Propaedeutics of Internal Diseases No. 2 of the Perm State Medical University named after Academician E.A. Wagner "Approaches to the appointment of antiplatelet therapy for myocardial infarction". (Perm, Russia)

11.00-11.20

Krzysztof Fillipiak, Chairman of the Association of Cardiologists of Poland, Rector of the FESC Medical University (Poland). "From prevention to treatment. Modern approaches to hypertension and dyslipidemia: Time to take action". (Warsaw, Poland)

11.20-11.40

Ulf Landmesser, Professor, Medical Director Charité Chairman Cardiovascular Division Charité Universitätsmedizin Berlin. "Management of coronary disease: from prevention to intervention". (Berlin, Germany) ONLINE

11.40-12.00

Jagdish Chander Mohan (Jagdish S. Mohan), MD, Vice President of the Indian Society of Cardiology. Professor at the Institute of Cardiovascular Diseases Jaipur Golden Hospital. «Dangerous reperfusion injury after PCI: diagnosis and treatment». (New Delhi, India).

12.00-12.20

Salim Arnaout, Professor, Head of the Cardiology Department of the Department of Internal Diseases, American University Medical Center. "The role of selective imidazoline receptor agonists in the treatment of hypertension: results of the international STRAIGHT study". (Beirut, Lebanon) ONLINE

12.20-12.40

Abdullaev Timur Atanazarovich, DSc., Professor, Head of the Department of heart failure and non-coronary myocardial diseases of RSPPMC of Cardiology. "Modern concepts in the diagnosis and treatment of cardiomyopathies". (Tashkent, Uzbekistan)

12:40-13:00

Arutyunov Alexander Georgievich, Doctor of Medical Sciences, Professor of the Department of Internal Diseases and General Physiotherapy of the N.I. Pirogov RNIMU. "New risk categories in blood pressure control". (Moscow, Russia)

13.00-13.10

Q&A. Discussion

13.10-14:00

Lunch break

14.00-15.30

Satellite Symposium of the General Sponsor "SERENE"
Presidium: Fozilov Kh.G. (Uzbekistan), acad. Kurbanov R.D. (Tashkent, Uzbekistan), Prof. J.S. Mohan (Delhi, India)

14.00-14.20

Tejas Patel, Professor, Chief Cardiologist-Interventionist of the Heart Institute, winner of the B.K. Roy Award. "Horrors in the X-ray laboratory: How I fought them" (Ahmedabad, India) ONLINE

14.20-14.40

Samir Shrivastava, DSc, Head of Noninvasive cardiology department of Max Superspeciality Hospital. "Disagreements on aortic stenosis". (New-Delhi, India)

14.40-15.00

Kurbanov Ravshanbek Davletovich, Academician of the Academy of Sciences of Uzbekistan, Chairman of the Association of Cardiologists of Uzbekistan. "The role of anticoagulants in the treatment of atrial fibrillation" (Tashkent, Uzbekistan)

15.00-15.20

Khamidulaeva Gulnoz Abdusattarovna, professor, Head department of Hypertension of RSSPMC of Cardiology. "Fixed antihypertensive combinations – evidenced compliance in cardiovascular prevention" (Tashkent, Uzbekistan)

15.20-15.30

Q&A. Discussion

15.30-17.00

Breakout session #1 "Lipidology school".
Moderators: Prof. Shek A.B., prof. Borge Nordestgaard.

15.30-15.50

Borge Nordestgaard, Professor at the University Clinic of Copenhagen, laureate of the N.N. Anichkov International Prize in the field of atherosclerosis, EAS-2022. "Triglycerides and residual cholesterol in cardiovascular diseases. The View of the European Atherosclerosis Society". (Copenhagen, Denmark).

15.50-16.10

Anna Tibjerg-Hansen, DSc., Professor at the University Clinic of Copenhagen. "Familial hypercholesterolemia". (Copenhagen, Denmark).

16.10-16.30

Shek Alexander Borisovich, DSc., Professor, Head of the Department of coronary heart disease of RSSPMC of Cardiology. "Inclisiran: a new era in lipidology". (Tashkent, Uzbekistan)

16.30-16.50

Alieva Rano Burkhanovna, PhD, Senior Researcher of Department of coronary heart disease of RSSPMC of Cardiology. "Imaging techniques in the diagnosis and prediction of cardiovascular risk during atherosclerosis and hypercholesterolemia". (Tashkent, Uzbekistan)

16.50-17.00

Q&A. Discussion

SCIENTIFIC PROGRAMME OF THE FIRST DAY OF THE CONFERENCE OCTOBER 21, 2022 HALL «KHIVA»

12.00-13.00

Sattelite Symposium
"Pharmacotherapy of cardiovascular diseases, from the standpoint of modern recommendations" SWIXX BIOPHARMA. Moderator MD Abdullayeva G.J., prof. Gilyarevsky Sergey Rujerovich

12.00-12.30

Gilyarevsky Sergey Rujerovich, MD, Professor of the Department of Clinical Pharmacology and Therapy of the Russian Medical Academy of Continuing Professional Education of the Ministry of Health of the Russian Federation. "Cardiometabolic effect of antihypertensive drugs in patients with hypertension" (Moscow, Russia).

12.30-12.50

Kevorkov Amayak Georgievich, Lead Researcher of Department of Cardiac Arrhythmias of RSSPMC of Cardiology. "Escalation of DAPT after ACS from the perspective of modern European recommendations"

12.45-13.00

Q&A. Discussion

13.00-14.00

Lunch break

14.00-16.00

Breakout session #2. "Heart failure and non-coronary myocardial diseases". Moderators: Prof. Abdullaev T.A., prof. Lopatin Yu.M.

14.00-14.20

Lopatin Yuri Mikhailovich, Professor, Corresponding Member of the Russian Academy of Sciences, Head of the Department of Cardiology and Functional Diagnostics at the Volgograd State Medical University. "Evolution of views on the algorithm of treatment of patients with CHF". (Volgograd, Russia).

14.20-14.40

Abdullaev Timur Atanazarovich, DSc., Professor, Head of the Department of heart failure and non-coronary myocardial diseases of RSSPMC of Cardiology. "Diagnosis and treatment of decompensated heart failure". (Tashkent, Uzbekistan)

14.40-15.00

Grinstein Yuri Isaevich Doctor of Medical Sciences, Professor, Head of the Department of Therapy of the Institute of Postgraduate Education of the Krasnoyarsk State Medical University named after Prof. V.F. Voino-Yasenetsky. "New opportunities in the treatment of chronic heart failure with a reduced ejection fraction" (Krasnoyarsk, Russia)

15.00-15.15

Sharipov Islom Mamatkhanovich, DSc., Head of Cardiac Surgeon of RSSPMC of Cardiology. "Hypertrophic cardiomyopathy. Cardiologist and cardiac surgeon in a successful tandem". (Tashkent, Uzbekistan)

15.15-15.35

Arnopolskaya Dina Iosifovna, PhD, Associate Professor of the Department of Internal Diseases, Nephrology and Hemodialysis of the Tashkent Pediatric Medical Institute. "Hypertensive cardiomyopathy: from arterial hypertension to heart failure". (Tashkent, Uzbekistan)

15.35-15.55

Kurbanov Nurali Abdurakhmanovich, DSc., Director of the Jizzakh branch of RSSPMC of Cardiology. "Familiar DCMP. Features of the course and prognosis of life" (Jizzakh, Uzbekistan)

15.55-16.15

Karimov Anvar Mirzohidovich, PhD., Deputy director of the RSSMC of Cardiology for work with the branches. "Ischemic cardiomyopathy in the light of modern recommendations" (Tashkent, Uzbekistan)

16.15-16.30

Alieva Zukhra Khamidovna, Cardiologist of OPD of RSSMC of Cardiology. "Diagnosis and treatment of heart failure in breast cancer patients". (Tashkent, Uzbekistan)

16.30-16.50

Irsov Jamshid Bahodirovich, PhD., Senior researcher Department of Cardiac Arrhythmias of RSSPMC of Cardiology, Certified trainer of WHO. "Early evaluation of cardiovascular risk. Master class of using "Sog'lom yurak" – "Healthy heart" mobile application. With the support of SERENE PHARMA

16.50-17.00

Q&A. Discussion

SCIENTIFIC PROGRAMME OF THE FIRST DAY OF THE CONFERENCE OCTOBER 21, 2022 HALL «SAMARKAND»

9.40-13.00

Breakout session #3 "Innovative methods of diagnosis and treatment in interventional cardiology and electrophysiology of cardiac arrhythmias". Moderators: Amirkulov B.D., Kabaev U.T., Chasnoyt A.R.

9.40-9.55

Kabaev Ulan Temirjanovich, DSc., Professor, Head of the Arrhythmology Department of JSC NNMC. "Experience of catheter ablation of ventricular arrhythmias of the heart of JSC NNM". (Astana, Kazakhstan)

9.55-10.10

Chasnoit Alexander Robertovich, PhD., Interventional cardiologists of the State Institution of the Republican Scientific and Practical Center Cardiology. "Persistent atrial fibrillation: possibilities of rhythm control". (Minsk, Belarus)

10.10-10.25

Davtyan Karapet Vovaeovich, DSc., Professor, Head of the Department of Cardiac Arrhythmias and Conduction, Head of the Department of Arrhythmology of the Federal State Budgetary Institution "NMIC Therapy and Preventive Medicine" of the Ministry of Health of the Russian Federation. "The place of subcutaneous ICD systems in clinical practice". (Moscow, Russia).

10.25-10.40

Kharlap Maria Sergeevna, PhD., Lead Researcher of the Department of Cardiac Arrhythmias and Conduction, FSBI "NMIC Therapy and Preventive Medicine" of the Ministry of Health of the Russian Federation. "Tactics of management of adult patients with genetically determined cardiac arrhythmias". (Moscow, Russia).

10.40-10.55

Serdyuk Svetlana Evgenievna, DSc., Lead Researcher of the Department of Cardiac Arrhythmias and Conduction of the FSBI "National Medical Research Center for Therapy and Preventive Medicine" of the Ministry of Health of the Russian Federation. "Subcutaneous ECG recorders in the diagnosis of syncopal conditions". (Moscow, Russia).

10.55-11.10

Sapelnikov Oleg Valerievich, DSc., Head of the Laboratory of Surgical and X-ray Surgical methods for the Treatment of Cardiac Arrhythmias of the A.L. Myasnikov Research Institute of Clinical Cardiology of the Federal State Budgetary Institution "NMIC of Cardiology" of the Ministry of Health of the Russian Federation, "Interventional and surgical methods for the treatment of atrial fibrillation, current trends". (Moscow, Russia).

11.10-11.25

Kuchinskaya Elena Andreevna, Candidate of Medical Sciences, Senior researcher at the Laboratory of Interventional Methods of Diagnosis and Treatment of Rhythm Disorders, Cardiac Conduction and Syncopal states of the Federal State Budgetary Institution “National Medical Research Center of Cardiology” named after YEI Chazov of the Ministry of Health of the Russian Federation. “Fainting, occurring with asystoles. Differentiated approaches to therapy”, (Moscow, Russia).

11.25-11.40

Tsyganov Alexey Vladimirovich, Arrhythmologist-surgeon at Sechenov Moscow State Medical University. “High-Power Short- Duration Ablation in optimizing catheter ablation of atrial fibrillation”. (Moscow, Russia)

11.40-11.55

Farid Aliyev, Professor, DSc., Head of Cardiology department Baku Health Center. “CRT-D in patients with AF” (Baku, Azerbaijan).

11.55-12.10

Filipp Attanasio Prof., Dr., Cardiology Department, Charite’ University Hospital. “First line ablation of ventricular tachycardia in patients with ischemic cardiomyopathy”. (Charite, Berlin, Germany). ОНЛАЙН

12.10-12.25

Amirkulov Bakhtiyor Jumayevich, DSc., Head of Department of EPS and surgical treatment of complex types of cardiac arrhythmias of RSSPMC of Cardiology. “Long- term results of catheter ablation of atrioventricular nodular re-entry tachycardia”.

12.25-13.00

Q&A. Discussion

13.00-14.00

Lunch break

14.00-15.00

Satellite symposium of the main sponsor of SERVIER. “In the struggle for adherence to therapy of patients with hypertension.” Moderator prof. Khamidullayeva G.A.

14.00-14.35

Nedogoda Sergey Vladimirovich, Professor, DSc., Head of the Department of Internal Diseases INMFO, Vice- Rector for Regional Health Development and Clinical Work of VolgSMU. “How to make a rational choice in the universe of fixed antihypertensive combinations?” (Volgograd, Russia)

14.35-14.55

Villevalde Svetlana Vadimovna, DSc., Professor of the Almazov Moscow State Medical University of the Ministry of Health of Russia. “Treatment of hypertension as a strategy for the prevention of heart failure” (St. Petersburg, Russia).

14.55-15.00

Q&A. Discussion

15.00-17.00

Breakout session #4. “Actual tasks on Arterial hypertension and cardiovascular prevention”. Moderators Prof. Hamidullayeva G.A.; Abdullayeva G.J. DSc.; Mullabayeva G.U. DSc.

15.00-15.20

Nedogoda Sergey Vladimirovich, MD, Professor, Head of the Department of Internal Diseases INMFO, Vice- Rector for Regional Health Development and Clinical Work of VolgSMU. “How to reach the target BP?”. (Volgograd, Russia)

15.20-15.40

Abdullaeva Guzal Jalaliddinovna, DSc., Chief of Hypertension department of RSSPMC of Cardiology. "The role of fixed combinations in organoprotection in patients with arterial hypertension" (Tashkent, Uzbekistan)

15.40-16.00

Khamidullaeva Gulnoz Abdusattarovna, DSc, Professor, Head of the Hypertension department of RSSPMC of Cardiology. "Optimal antihypertensive therapy with a focus on cerebroprotection". (Tashkent, Uzbekistan)

16.00-16.20

Nizamov Ulugbek Irgashevich Chief Physician of RSSPMC of Cardiology. "Rational pharmacotherapy of patients with hypertension from the standpoint of evidence-based medicine" (Tashkent, Uzbekistan) ONLINE.

16.20-16.40

Mullabayeva Guzal Uchkunovna, DSc., Head of Department of Minimally Invasive Surgery of RSSPMC of Cardiology. "Modern fixed combinations of antihypertensive drugs in the treatment of arterial hypertension in comorbid pathology". (Tashkent, Uzbekistan)

16.40-16.55

Abdullayeva Guzal Jalaliddinovna, DSc., Chief of Hypertension department of RSSPMC of Cardiology, Mashkhurova Zarina Tulkunovna, PhD student of RSSPMC of Cardiology "Comparative efficacy of azilsartan combination therapy with indapamide and nitrendipine in patients with essential hypertension". (Tashkent, Uzbekistan)

16.55-17.10

Abidova Dilorom Ergashevna, PhD, Lead specialist of the OPD of RSSPMC of Cardiology. "Preventive cardiology at the primary level". Tashkent, Uzbekistan)

17.10-17.20

Q&A. Discussion

SCIENTIFIC PROGRAMME OF THE FIRST DAY OF THE CONFERENCE OCTOBER 21, 2022 HALL «BUKHARA»

9.40-17.20

Breakout session #5 "Ultrasound diagnostics of cardiovascular diseases - innovations in practice". Sponsors: "Siemens", "General Electric" Moderators: Academician V.A. Sandrikov, Prof. Saidova M.A., DSc. Bekmetova F.M.

9.40-10.00

Balakhonova Tatiana Valentinovna – Professor, DSc., Head of the Laboratory of Ultrasound methods of Vascular Research, Department of Ultrasound Methods of Research of the Federal State Budgetary Institution. "NMIC Cardiology" of the Ministry of Health of the Russian Federation. "Ultrasound examination of the abdominal aorta: a modern view of screening and dynamic observation". (Moscow, Russia)

10.00-10.20

Hadzegova Alla Blalovna, Professor, DSc., Head of the Department of Functional and Ultrasound Diagnostics, Head of the Department of Clinical Ultrasound and Functional Diagnostics, Deputy Dean of the M.F. Vladimirsky Moscow State Medical University. "Possibilities and limitations of cardiac imaging in COVID-19". (Moscow, Russia)

10.20-10.40

Saidova Marina Abdulatipovna, Professor, DSc., Head of the Department of Ultrasound Research Methods of the Federal State Budgetary Institution “NMHC of Cardiology” of the Ministry of Health of the Russian Federation. “Algorithm for identifying CHF patients with preserved systolic function in clinical practice”. (Moscow, Russia)

10.40-11.00

Sandrikov Valery Alexandrovich, Professor, DSc., Academician of the Russian Academy of Sciences, Head of the Department of Clinical Physiology, Instrumental and Radiation Diagnostics of the National Research Center of the Russian Federation of the Russian Academy of Sciences “RSCC named after Academician B.V. Petrovsky”. “Intravascular and intracardiac hemodynamics in aortic aneurysms”. (Moscow, Russia)

11.00-11.15

Kulagina Tatiana Yurievna – DSc., Head laboratory of Electrophysiology and stress tests of the National Research Center of the Russian Federation of the Russian Academy of Sciences “RSCC named after Academician B.V. Petrovsky”. “Hypertrophic cardiomyopathy: a modern view of diagnosis” (Moscow, Russia)

11.15-11.30

Ibragimov Murad Saidovich, PhD., Junior researcher of the OPD of the NCCVS named after Bakuleva. “Modern aspects of ultrasound diagnostics of brachiocephalic artery pathology”. (Moscow, Russia)

11.30-13.00

Master class “Modern technologies in Echocardiography”

“General Electric”. Rybakova Marina Konstantinovna, DSc., Professor of the Department of Ultrasound Diagnostics of the Russian Medical Academy of Continuing Professional Education of the Ministry of Health of the Russian Federation.

Botvin Ilya Mikhailovich, PhD, Head of Clinical Training Department, Department of Diagnostic Ultrasound (Moscow, Russia).

13.00-14.00

Lunch break

14.00-14.10

Opening remarks by the chairmen: Professor Ilina N.A., Professor I.A. Kovalev (ONLINE), Saidov M.A., PhD.

14.10 -14.25

Kovalev Igor Alexandrovich. Professor, DSc., President of the Association of Pediatric Cardiologists of Russia, Deputy Director of the Research Clinical Institute of Pediatrics and Pediatric Surgery named after Academician Yu.E.Veltischev of the Pirogov Moscow State Medical University of the Ministry of Health of the Russian Federation for Medical Work, Head of the Department of Pediatric Cardiology and Arrhythmology. “Neonatal screening of critical CHD” (Moscow, Russia) ONLINE

14.25-14.40

Kim Alexey Ivanovich, Professor, DSc., Deputy Director of of the NCCVS named after Bakuleva for medical work with infants and young children, Head of the Department of Cardiac Surgery of Newborns and infants. “Critical congenital malformations of the newborn period”. (Moscow, Russia). ONLINE

14.40-15.25

Rybakova Marina Konstantinovna – Professor, DSc., Department of Ultrasound Diagnostics of the Russian Medical Academy of Continuing Professional Education of the Ministry of Health of the Russian Federation “Echocardiographic differential diagnosis of shunts and their simulating flows”. (Moscow, Russia).

15.25-15.40

Il'ina Natalia Alexandrovna, Professor, DSc., Department of Radiology Diagnostics of the I.I. Mechnikov Northwestern State Medical University of the Ministry of Health of the Russian Federation. “Critical CHD from the position of radiation diagnostics” (St. Petersburg, Russia)

15.40-16.00

Marukyan Narek Vachaganovich, Researcher of the Research Institute of Endovascular Surgery of the Federal State Budgetary Institution “NMIC named after V.A.Almazov” of the Ministry of Health of the Russian Federation. “Options for endovascular diagnosis and treatment of CHD”. (St. Petersburg, Russia)

16.00-16.15

Saidov Mahsud Aripovich, PhD, Director of the Samarkand Branch of RSSPMC of Cardiology. “Correction of complex congenital heart defects by applying bidirectional cavapulmonary anastomosis without the use of an artificial blood circulation device”. (Samarkand, Tashkent)

16.15-16.30

Nurullaev Rashid Rakhimovich, PhD, Head of the Department of Pediatric Cardiac Surgery of the Aral Regional Center of Cardiology of the Ministry of Health of the Republic of Uzbekistan. “Stages of development and prospects of surgical treatment of CHD in Khorezm region” (Khorezm, Uzbekistan)

16.30-16.40

Prof. N.A.Ilyina, Ph.D. M.A.Saidov. The final word.

16.40-17.00

Session “Digital Medicine” with support of GE Healthcare

Plotnikova Sofya Evgenievna, Product Specialist of the Department of Medical Information Systems, GE Healthcare;
Kokorev Oleg Vasilyevich, Medical Advisor of the Department of Computed Tomography, GE Healthcare “Digital medicine: IT solutions as the main assistants of the doctor and the patient”. ONLINE

17.10-17.20

Q&A. Discussion

SCIENTIFIC PROGRAMME OF THE FIRST DAY OF THE CONFERENCE OCTOBER 21, 2022 HALL «NAMANGAN»

09.40-13.00

Young scientists competition. Chairman of Jury H.G.Fozilov – director of RSSPMCC. Secretary of Jury – H.Sh., Kuchkarov, PhD student of RSSPMC of Cardiology

Member of Jury:

1. Ruziboev R.Y. – rector of Urgench branch of TMA.
2. Nurillaeva N.M. – Professor of TMA
3. Mullabaeva G.U. – DSc., RSSPMC of Cardiology
4. Alieva R.B. – PhD, RSSPMC of Cardiology

13.00-14.00

Lunch break

14.00-16.30

Symposium “Cardiac Arrhythmias: standards of patient management and realities of life” Moderators: Kurbanov R.D., Zakirov N.U.

14.00-14.20

Golitsin S.P., Head of the Department of Clinical Electrophysiology and X-ray surgical methods for the treatment of cardiac arrhythmias of the FSBI “NMIC Cardiology named after Academician E.I. Chazov” Ministry of Health of the Russian Federation. “Pathophysiological approaches to the choice of pharmacotherapy for ventricular arrhythmias”. (Moscow, Russia) ONLINE

14.20-14.40

Zakirov Nodir Uzuevich, DSc., Head of the Department of Cardiac Arrhythmias of RSSPMC of Cardiology. “On prevention of thromboembolic complications in patients with atrial fibrillation in some medical institutions of Uzbekistan” (Tashkent, Uzbekistan)

14.40 -15.00

Abdurahmanov Ayan Suleymanovich, Profesor, DSc., FHRS, FESC, FEHRA, Head of department of interventional arrhythmology “National Scientific Center of Cardiac Surgery”. “New guidelines of ESC on management of patients with ventricular arrhythmias and sudden cardiac death” (Astana, Kazakstan) ONLINE

15.00-15.20

Abdullaev Timur Atanazarovich, MD, Professor, Head of the Department of heart failure and non-coronary myocardial diseases of RSSPMC of Cardiology. “CHF and atrial fibrillation: ways to optimize patient management”. (Tashkent, Uzbekistan)

15.20-15.40

Mironov Nikolay Yuryevich, Senior Researcher at FSBI “NMIC of Cardiology named after Academician E.I. Chazov” Ministry of Health of the RF. “Rhythm control strategy in the treatment of patients with atrial fibrillation: opportunities and limitations”. (Moscow, Russia) ONLINE.

15.40-16.00

Yuricheva Yulia Alexandrovna, Senior Researcher at FSBI “NMIC of Cardiology named after Academician E.I. Chazov” Ministry of Health of the Russian Federation. “Features of the course of cardiac arrhythmias in obese patients”. (Moscow, Russia) ONLINE.

16.00-17.10

Breakout session #6. “Sharp edges of modern cardiology” Part 1. Moderators: Srojidinova N.Z., Trigulova R.Kh.

16.00-16.20

Srojidinova Nigora Zaynutdinovna, DSc., MD, Head of the Department of Cardiometabolic disorders of RSSPMC of Cardiology. “A patient of high cardiovascular risk: personalized approach to antihypertensive therapy”. (Tashkent, Uzbekistan)

16.20-16.50

Alikhanova Nodira Mirshovkatovna, DSc., Director of the Center for the Support of a Healthy Lifestyle and increasing physical Activity of the Population, Head of the Scientific Department of Diabetes of RSSPMC of Endocrinology. “The endocrinologist’s view on the problem of CVD and DM” (Tashkent, Uzbekistan) **Trigulova Raisa Khusainovna**, DSc., Lead researcher of RSSPMC of Cardiology. “The view of an cardiologist’s view on the problem of CVD and DM” (Tashkent, Uzbekistan)

16.50-17.10

Fayzullaev Bahrom Rustamovich, PhD, Associate Professor of the Department of Therapy, Urgench branch of TMA. "Advantages and threat of combined therapy of hypertension" (Khorezm, Uzbekistan)

17.10-17.20

Q&A. Discussion

SCIENTIFIC PROGRAMME OF THE SECOND DAY OF THE CONFERENCE OCTOBER 22, 2022 LARGE HALL «TASHKENT»

9.00-13.00

2nd Plenary session

Presidium: R.D. Kurbanov, Chairman of the Association of Cardiologists of Uzbekistan, Academician of ASU; Shek A.B., Professor (Uzbekistan)

9.00-9.20

Kurbanov Ravshanbek Davletovich, Academician of the Academy of Sciences of Uzbekistan, Chairman of the Association of Cardiologists of Uzbekistan. "The place of metabolic therapy in the treatment of coronary heart disease" (Tashkent, Uzbekistan).

9.20-9.40

Zakirov Nodir Uzuyevich, DSc., Head Department of Cardiac Arrhythmias of RSSPMC of Cardiology. "Pregnancy and cardiac arrhythmias" (Tashkent, Uzbekistan).

9.40-10.00

Villevalde Svetlana Vadimovna, DSc., Professor of the Almazov Moscow State Medical University of the Russian Federation. "Personalized approach to hypertension therapy - clinical recommendations and real practice". (St.Petersburg, Russia)

10.00-10.20

Shek Alexander Borisovich, MD, Professor, Head Department of coronary heart disease of RSSPMC of Cardiology. "Strategic choice of treatment of patients with diabetes mellitus and cardiovascular diseases from the standpoint of evidence-based cardiology". (Tashkent, Uzbekistan).

10.20-10.40

Karpov Yuriy Aleksandrovich, DSc., Professor, Head of angiology department of FSBI "NMIC Cardiology named after Academician E.I. Chazov" Ministry of Health of the Russian Federation. "Polytablets or how to increase antihypertensive and lipid lowering effect in high cardiovascular risk?". (Tashkent, Uzbekistan)

10.40-11.00

Shlyakhto Evgeny Vladimirovich, Academician of the RAS, Professor, General Director of the Almazov Federal State Budgetary Research Center of the Ministry of Health of the Russian Federation. "Prevention of CVD in High-Risk Patients". (St. Petersburg, Russia) ONLINE

11.00-11.20

Kenjaev Majid Latipovich, MD, Professor, Director of Tashkent region somatic clinic. "The role of antiplatelet agents and anticoagulants in cardiologic practice". (Tashkent, Uzbekistan)

11.20-11.40

Takhirova Feruza Abrarovna, PhD, Deputy Director of the Center for the Support of a Healthy Lifestyle and increasing physical Activity of the Population, Ministry of Health of the Republic of Uzbekistan. "Prevention of diseases related to lifestyle" (Tashkent, Uzbekistan)

11.40-12.00

Rainer Rienmuller, Professor, University of Graz. “From Structure to Function – CT & MR of Pericardial Diseases” (Graz, Austria)

12.00-12.20

Mishchenko Larisa Anatolyevna, DSc., Institute of Cardiology named after Strazhesko N.D. “Guidelines of the European Society of Cardiology on the prevention of cardiovascular diseases: treatment of dyslipidemia”. (Kiev, Ukraine) ONLINE

12.20-12.40

Mullabayeva Guzal Uchkunovna, MD, Head of the Department of Minimally invasive cardiac Surgery of RSSPMC of Cardiology. “What do we know about rehabilitation after surgical interventions” (Tashkent, Uzbekistan)

12.40-13.00

Zakirova Feruza Akiljanovna, MD, Head of the Department of General Cardiology of RSSPMC of Cardiology. “Diagnosis and treatment of cardiovascular diseases during pregnancy”. (Tashkent, Uzbekistan)

13.00-13.10

Q&A. Discussion

13.10-14.00

Lunch break

14.00-16.10

Breakout session #7. “Sharp edges of modern cardiology” Part 2.
Moderators: Tulabaeva G.M., Khamidullaeva G.A.

14.00-14.20

Tulabayeva Gavkhar Mirakbarovna, DSc, Professor, Head of Department of Cardiology with a course of gerontology of Centre of the professional qualification improvement of medical workers. “Modern approaches to anticoagulant and antiplatelet therapy to reduce thromboembolic complications in patients with CVD”. (Tashkent, Uzbekistan)

14.20-14.40

Kevorkov Amayak Georgievich, PhD., Lead researcher of Department of Cardiac Arrhythmias of RSSPMC of Cardiology. “SGLT2 inhibitors - a new era in cardio and nephroprotection” (Tashkent, Uzbekistan)

14.40-15.00

Adilova Ikbol Gafuridinovna, PhD, Associate Professor, Head of department of RSSPMC of Sport Medicine. “The atherosclerosis pandemic: who claims the gold medal?”. (Tashkent, Uzbekistan)

15.00-15.20

Nurillaeva Nargiza Mukhtarkhanovna, Head of the department of Internal Medicine #1, Tashkent medical academy. “Optimizing the treatment of hypertension in patients with metabolic disorders the protective effect of imidazoline receptor agonists”. (Tashkent, Uzbekistan)

15.20-15.40

Kostyukevich Marina Valentinovna, PhD., Researcher of department electrophysiology and interventional methods of treatment of arrhythmias of FSBI “NMIC Cardiology named after Academician E.I. Chazov” Ministry of Health of the Russian Federation. “Arrhythmias in cancer patients receiving treatment”. (Moscow, Russia).

15.40-16.00

Kevorkov Amayak Georgievich, PhD., Department of Cardiac Arrhythmias of RSSPMC of Cardiology. “Non-invasive risk factors for sudden death in patients who have suffered a myocardial infarction”. (Tashkent, Uzbekistan)

16.00-16.30

Report of the Board of the Association of Cardiologists of Uzbekistan.
Speaker – R.D.Kurbanov, Professor, Chairman of the Association of Cardiologists of Uzbekistan, Academician of ASU.

16.30-17.00

Remarks of the scientific-practical conference of cardiologists of Uzbekistan with international participation.
Awarding of the winners of the young scientists competition.
Awarding the winners of nominations in cardiac care.
Closing of the conference

SCIENTIFIC PROGRAMME OF THE SECOND DAY OF THE CONFERENCE OCTOBER 22, 2022 HALL «KHIVA»

9.00-13.00

Breakout session #8 “Innovative methods of diagnosis and treatment in interventional cardiology”
Moderators: Petrosyan K.V., Staferov A.V., Zufarov M.M.

09.00-9.15

Staferov Anton Valerievich, PhD., FGBI FNCC FMBA of Russia, Moscow. “The use of rotational atherectomy in the treatment of complex calcified lesions of the coronary arteries”. (Moscow, Russia)

9.15-9.30

Petrosyan Karen Valerievich, DSc., Head of the Department of X-ray Endovascular Surgery of the Bakulev NMIC SSH. “Transcatheter treatment of mitral valve pathologies. The experience of FSBI “NMIC SSH named after A.N. Bakulev” with support of Abbott (Moscow, Russia)

9.30-09.45

Zufarov Mirjamol Mirumarovich, Professor, DSc, Head of the Department of Interventional Cardiac Surgery of RSSPMC of surgery named after V.V.Vakhidov. “The current state of interventional cardiology in Uzbekistan”. (Tashkent, Uzbekistan)

09.45-10.00

Norov Faridun, PhD Doctor of the Department of X-ray Endovascular Surgery of the Medical Complex “Istiklol”. “Transcatheter treatment of CHD”. (Dushanbe, Tajikistan).

10.00-10.15

Chernaya Natalya Resovna. PhD., Senior Researcher of the Department of X-ray surgical methods of diagnosis and Treatment of the N.V. Sklifosovsky Research Institute of SP. “Endovascular treatment of thoracic aortic ruptures” co-authors: Gorshkov N.S., Kokov L.S., Sagirov M.A. (Moscow, Russia)

10.15-10.30

Fozilov Khurshid Gayratovich, Chief Cardiologist of the Ministry of Health of the Republic of Uzbekistan, Director of RSSPMC of Cardiology. “Treatment of ACS in Uzbekistan. Problems and solutions”. (Tashkent, Uzbekistan)

10.30-10.45

Ilgar Tahiroglu, Interventional Cardiologist, Head of the cardiology department Central Customs Hospital. “Complications of TAVI procedure” (Baku Azerbaijan)

10.45-11.00

Ganiev Aliyor Avazovich, Interventional Cardiologist of “Medion” Clinic Tashkent. Uzbekistan. “POT puff sign technique in evaluation of stent apposition”. (Tashkent, Uzbekistan)

11.00-11.15

Yuldashov Bakhtiyor Abduganievich, Ph.D., Head of the Department of Inter-ventional Cardiology of RSSMC of Cardiology. "PCI in the Left Main Diseases. Our experience". (Tashkent, Uzbekistan)

11.15-11.30

Umarov Bakhtiyor Yatgarovich, chief physician of NOMMC. "Retrograde re-canalization of the CTO in the Navoi region. A clinical case". (Navoi, Uzbekistan)

11.30-11.40

Q&A. Discussion

11.40-13.00

Symposium supported by GE Healthcare "Endovascular treatment of acute ischemic stroke: Our opportunities today".
Moderators: Zufarov M.M., Fozilov H.G.

11.40-12.00

Shenderov Sergey Valerevich, PhD, Head of Department, "City Hospital No. 26". "The role of intravascular interventions in the acute period of ischemic stroke. Triage of a patient with ischemic stroke". (St. Peterburg, Russia)

12.00-12.20

Khilchuk Anton Andreevich, PhD., Physician at the "City Hospital No. 40". "Selection of patients for thromboembolectomy in the light of updated clinical recommendations" (St. Peterburg, Russia)

12.20-12.40

Peksheva Marina Sergeevna Head of the CT and MRI Department, BaltMedOzerki Clinic, "CT diagnostics in the early period of stroke" (St. Peterburg, Russia).

12.40-13.00

Kokorev Oleg Vasilevich, Medical Advisor, CT and MRI Department, GE Healthcare. "Features of contrast in CT studies of the brain. CT perfusion" (Moscow, Russia) Final word.

13.10-14.00

Lunch break

14.00-15.00

Breakout session #9 on cardiometabolism "A modern view on the treatment of a criminal duo: DM and AH". Moderators Prof. Ismailov S.I., Trigulova R.H.

14.00-14.20

Galstyan Gagik Rafikovich, Professor DSc., Lead Researcher of the Center of Endocrinology. "The possibility of early prevention of cardiovascular diseases and kidney diseases in patients with type 2 diabetes". (Moscow, Russia)

14.20-14.40

Ismailov Saidganikhoja Ismailovich, Professor, DSc., , Head of the Department of Endocrinology of TashPMI. "The state of diabetes in Uzbekistan. New opportunities for the treatment of arterial hypertension in combination with over-weight and obesity. The results of the CONSTANT study". (Tashkent, Uzbekistan)

14.40-15.00

Trigulova Raisa Khusainovna, MD, Lead researcher of the RSSMC of Cardiology. "The fixed combination of azilsartan and chlorthalidone is the newest ARB in the arsenal of drugs for the treatment of hypertension in patients with diabetes mellitus". (Tashkent, Uzbekistan)

15.00-15.10

Q&A. Discussion

15.10-16.00

The achievement of young scientists in clinical practice. Moderators Mullaba-yeva G.U., DSc.; Trigulova R.H., DSc.

15.10-15.25

Yuldashev Nodirbek – doctor of cardiovascular imaging at the Karshi branch of RSSPMC of Cardiology. “Tissue dopplerography in the diagnosis of acute coronary syndrome”. (Kashkadarya, Uzbekistan)

15.25-15.40

Usmanova Nilufar, Junior researcher of RSSPMC of Cardiology. “Features of psy-chosomatic disorders in patients with chronic heart failure with different indicators of left ventricular ejection fraction”. (Tashkent, Uzbekistan)

15.40-15.55

Alimova Dilnoza. PhD student of RSSPMC of Cardiology. “Prediction of mortality rate in patients with Covid-19 in Type 2 of ischemic heart disease and diabetes mellitus under the influence of antigiperglycemic therapy”. (Tashkent, Uzbekistan)

15.55-16.10

Matnazarov Ruslan Kamilovich, head of Interventional Cardiology Department of Aral Regional Specialized Scientific-practical medical center of Cardiology and Cardiac Surgery, Urgench. «Experience of the Department of Interventional Cardiology».

16.10-16.20

Q&A. Discussion

SCIENTIFIC PROGRAMME OF THE SECOND DAY OF THE CONFERENCE OCTOBER 22, 2022 HALL «SAMARKAND»

9.00-13.00

Breakout session #2 “Ultrasound diagnostics of cardiovascular diseases - innovations in practice”. Moderators: Khodjibekov M.Kh., Professor Department of “Medical radiology” of Tashkent Medical Academy, Chairman of society of radiologists of Uzbekistan, Bekbulatova R.Sh, PhD.Candidate of Medical Sciences., chief of cardio-vascular imaging department of RSSPMCC, Mukhamedova M.G., DSc, Head of Department of functional diagnosis of Center For The Development Of Professional Qualification Of Medical Workers

09.00-9.15

Kadyrova Madina Valeryevna, PhD, Senior Researcher, Head of the Ultrasound Diagnostics Department of the NMIC of Surgery named after A.V Vishnevskiy, “The role of the morphofunctional state of the left atrium in thoracoscopic ablation of atrial fibrillation” (Moscow, Russia)
ONLINE

9.15-9.30

Maksudov Muzaffar Fathullayevich, DSc., Head Department of Radiology and PET/CT Diagnostics “Fedorovich Klinikasi”, Associate Professor of the Department of CRPCMR, “Differential diagnostics in cardiology”. (Tashkent, Uzbekistan)

9.30-09.45

Alieva Rano Burkhanovna, PhD, Senior Researcher of Department of coronary heart disease of RSSPMC of Cardiology. “Myocardial dysfunction in aortic stenosis: A look beyond the valve”. (Tashkent, Uzbekistan)

09.45-10.00

Mukhamedova Muyassar Gafurzhanovna, DSc., Head of the Department of Functional Diagnostics of the Center for the Development of Professional Qualifications of Medical Workers. "Specificity of the results of instrumental methods of studies of complications of cardiovascular diseases against the background of COVID-19". Co-author: Nuralieva D.M. (Tashkent, Uzbekistan)

10.00-10.15

Bekbulatova Regina Shavkatovna, Head of the Department of functional diagnostics of of RSSPMC of Cardiology. "Diagnostic aspects of chronic heart failure". (Tashkent, Uzbekistan)

10.15-10.30

Kurbanova Bernara Gafurovna, Head of the Department of radiologic diagnostics of of RSSPMC of Cardiology. "The role of multispiral computed tomography in optimizing the diagnosis of symptomatic myocardial bridges". (Tashkent, Uzbekistan)

10.30-10.45

Arnopolskaya Dina Iosifovna, PhD, Associate professor of the Department of Internal Diseases, Nephrology and Hemodialysis of TashPMI. "Hemodialysis-associated myocardial dysfunction". Co-author: DSc. Mukhamedova M.G. (Tashkent, Uzbekistan)

11.00-11.20

Karev Yegor Andreevich, cardiologist, doctor of functional diagnostics of the Almazov National Research Medical Center and the International Heart Center. "Adult patient with congenital heart disease. Chronicles of Martian Cardiology" (Philips) (St. Petersburg, Russia)

11.20-11.35

Bekmetova Feruza Matsapaevna, DSc, Head of the Department of Functional Diagnostics of RSSPMC of Cardiology. "Dynamics of deformational properties of the left ventricle after revascularization in patients with CCS". Co-speaker: Doniyorov Sh.N. (Tashkent, Uzbekistan)

11.35-11.50

Tashkenbaeva Nargiza Farhadovna, PhD, Head of the Rehabilitation Department RSSPMC of Cardiology. "Diastolic dysfunction of the left ventricle in patients with comorbidity of coronary heart disease and type 2 diabetes". (Tashkent, Uzbekistan)

11.50-12.05

Djumaniyazova Dilfuza Azatbayevna, Doctor of the Department of Angioneurology of the Republican Specialized Center of Surgical Angioneurology. "Possibilities of transcranial duplex scanning in determining the tolerance of the brain in bilateral lesions of the carotid arteries". (Tashkent, Uzbekistan)

12.05-12.25

Karev Yegor Andreevich, cardiologist, doctor of functional diagnostics of the Almazov National Research Medical Center and the International Heart Center. "Dyspnea in a comorbid patient. Diagnostic capabilities of the stress test". (Philips) (St. Petersburg, Russia)

12.25-12.40

Omirserik Karkyn, radiotherapist, International Oncological Center of Tomotherapy "Umit". "Assessment of early results of tomotherapy in the treatment of esophageal cancer with concomitant cardiovascular pathology" co-speakers: Berikbol D.K., Shayakhmetov T.S., Shayakhmetov E.M. (Astana, Kazakhstan)

12.40-12.50

Tursunova Lobar Nasyrovna, Associate professor of the Department of Medical Radiology of the Center for the Development of Professional Qualifications of Medical Workers. "Coronary heart disease: the possibilities of volumetric CT coronary angiography and CT perfusion". (Tashkent, Uzbekistan)

12.50-13.00

Q&A. Discussion

13.00-14.00

Lunch break

14.00-16.00

Breakout session on "Unresolved problems of modern cardiology"
Moderators: Zakirova F.A., DSc.; Makhkamova N.U., DSc.

14.00-14.20

Srojidinova Nigora Zaynutdinovna, DSc., Head of the Department of Cardiometabolic disorders of RSSPMC of Cardiology. "Treatment of dyslipidemia in comorbid patients: what the recommendations say". (Tashkent, Uzbekistan)

14.20-14.40

Zakirova Feruza Akilzhanovna, DSc, Head Department of General Cardiology of RSSPMC of Cardiology. "Management of pregnant women with arterial hyper-tension. The first national clinical protocol" Tashkent

14.40-15.00

Nizamov Ulugbek Irgashevich, Chief Physician of RSSPMC of Cardiology. "Primary and secondary dyslipidemia. Analysis of existing recommendations". (Tashkent, Uzbekistan) ONLINE

15.00-15.20

Kevorkov Amayak Georgievich, Ph.D., Lead researcher of Department of Cardi-ac Arrhythmias of RSSPMC of Cardiology. "Rational choice of ARB in modern therapy of a comorbid patient". (Tashkent, Uzbekistan)

15.20-15.40

Makhkamova Nargiza Utkurovna, DSc., Head of the Department of Cardio-cerebral Pathology of RSSPMC of Cardiology. "The problem of sleep disorders in patients with cardiovascular diseases". (Tashkent, Uzbekistan)

15.40-16.00

Masharipov Shukhrat Matkarimovich, PhD., DSc. student RSSPMC of Cardiol-ogy. "Clinical and genetic features of resistant arterial hypertension in the Uzbek population" (Tashkent, Uzbekistan)

16.00-16.20

Anna Marza Florensa, PhD Fellow, Julius Center for Health Sciences and Prima-ry Care, Clinical Epidemiology University Medical Center Utrecht Survey of risk factors in coronary heart disease (SURF CHD) II: rationale, methods for a novel recruitment strategy and preliminary results online (Utrecht, the Netherlands). ONLINE

16.20-16.30

Q&A. Discussion

SCIENTIFIC PROGRAMME OF THE SECOND DAY OF THE CONFERENCE OCTOBER 22, 2022 HALL «BUKHARA»

9.00-13.00

Breakout session #10 on the problems of diagnosis and treatment of pulmo-nary hypertension.
Moderators: Professor Abdullaev T.A., Marukyan N.V.

9.00-9.20

Avdeev Sergey Nikolaevich, Academician of the Russian Academy of Sciences, Professor of Sechenov University, awardee of the Order of Pirogov (2020) - for his great contribution to the fight against coronavirus infection (COVID - 19), dedication and high professionalism shown in the performance of medical duty. "Review of European Society of Cardiology Guidelines 2022 on Pulmonary Hypertension" (Moscow, Russia.) ONLINE

9.20-9.40

Karpova Darya Vladimirovna, Head of the department of MSCT NMIC named after V.A. Almazov. "CT in the Diagnosis of Pulmonary Hypertension" (St. Petersburg, Russia). ONLINE

9.40-9.55

Karimov Bunyod Khabibullaevich, Head department of the Interventional Cardiology of the "NeoMed Cardio" clinic. "Possibilities of endovascular surgery in the treatment of acute PE". (Tashkent, Uzbekistan)

9.55-10.15

Marukyan Narek Vachaganovich, Researcher at the NMIC named after V.A. Almazov. "Endovascular treatment of chronic pulmonary embolism". (St. Petersburg, Russia)

10.15-10.35

Osadchiy Alexey Mikhaylovich, vascular surgeon at the NMIC named after V.A. Almazov. "Thrombendarterectomy for CTEPH". (Saint Petersburg, Russia)

10.35-10.50

Akhmatov Yashin Ravshanovich, PhD., Director of the Karshi branch of RSSPMC of Cardiology. "Pulmonary hypertension in the section of clinical data in various DCM". (Kashkadarya, Uzbekistan)

10.50-11.00

Q&A. Discussion

11.00-13.00

Breakout session "Achievements of modern cardiogenetics in clinical practice". Moderator prof. Hamidullayeva G.A., Abdullayeva G.J., DSc.

11.00-11.20

Kharlap Maria Sergeevna, Ph.D., Leading researcher of the Department of Cardiac Arrhythmias and Conduction, FSBI "NMIC Therapy and Preventive Medicine" of the Ministry of Health of the Russian Federation. "Molecular and genetic mechanisms of cardiac arrhythmias". (Moscow, Russia).

11.20-11.40

Abdullayeva Guzal Jalaliddinovna, DSc., Chief of Hypertension department of RSSPMC of Cardiology. "Our achievements in the field of cardiogenetics over the past 20 years". (Tashkent, Uzbekistan)

11.40-12.00

Alieva Rano Burkhanovna, PhD, Senior Researcher of the Department of coronary heart disease of RSSPMC of Cardiology. "Hereditary forms of hypercholesterolemia, molecular genetic diagnostics". (Tashkent, Uzbekistan)

12.00-12.20

Abdullaev Alisher Abdumavlyanovich, Doctor of Biological Sciences, Head of the Biotechnology Laboratory of the Center for Advanced Technologies under the Ministry of Innovative Development. "Possibilities of sequencing in cardiology practice". (Tashkent, Uzbekistan). ONLINE

12.20-12.35

Ataniyazov Khurshid Khamidovich, Head of the RMU of the Ellikkalinsky dis-trict of the Republic of Karakalpakstan. "Complicated course of hypertension in the Aral Sea region: molecular and genetic features. (own research results)". (Republic of Karakalpakstan, Uzbekistan)

12.35-12.50

Sonicheva-Paterson Natalia Aleksandrovna, DSc., Head of the Department for International Medical Affairs, Tenaya Therapeutics (USA) "From genetics to gene therapy: light at the end of the tunnel?" (USA) ONLINE

12.50-13.00

Q&A. Discussion

13.00-14.00

Lunch break

SCIENTIFIC PROGRAMME OF THE SECOND DAY OF THE CONFERENCE OCTOBER 22, 2022 HALL «NAMANGAN»

9.00-10.10

Breakout session №11, part 1. "The current state of cardiac surgery. Global challenges. Prospects" Chairmen: Sagirov M.A., Aliyev Sh.M., Sharipov I.M.

9.00-9.20

Paul Vogt, Professor, Director of the Cardiovascular Center, University of Zurich. "Cardiac surgery today. Global challenges. New trends. Prospects". (Zurich, Switzerland). ONLINE.

9.20-9.40

Bokeria Leo Antonovich, Gorbachevskiy Sergey Valerevich, Rakhmonov Kamol, National Medical Research Center for Cardiovascular Surgery. A.N. Bakulev Ministry of Health of the Russian Federation. "The first experience of two-stage surgical correction of chronic thromboembolic pulmonary hypertension in patients with extremely high surgical risk". (Moscow, Russia)

9.40-10.00

Djumaniyazov Atabek Azadovich, PhD., Head of the Department of Cardiac Sur-gery of the Aral Regional Center of Cardiology "Cardiac Surgery Service of the Khorezm region"

10.00-10.10

Q&A. Discussion

10.10-10.45

Breakout session №11, part 2 . "Surgical treatment of aortic and aortic valve pathology" Chairmen: Sharipov I.M. Melikulov A.A.

10.10-10.20

Kuatbayev Ermagambet Mukhanovich, MD, Deputy Director, Hospital of the Medical Center of the Presidential Administration of the Republic of Kazakh-stan "Aortic dissection – Kazakhstan experience". (Astana, Kazakhstan).

10.20-10.35

Aliyev Sherzod Makhmudovich, Head of the Department of Cardiac Surgery of RSSPMC of Surgery named after V.V.Vakhidov. "Our experience of Ozaki operations".

10.35-10.45

Q&A. Discussion

10.45-13.00

Breakout session #11, part 3.

"Surgical treatment of coronary heart disease"

Chairs: MD Sharipov I.M. DSc.; Professor Paul Vogt

10.45-11.00

Turlyuk Dmitry Viktorovich, multidisciplinary medical center "Ezgu Niyat". "CABG or PCI in chronic coronary heart disease: interpretation of recent studies. The view of a cardiac surgeon".

11.00-11.20

Paul Vogt, Professor, Director of the Cardiovascular Center, University of Zurich. "Aorto-coronary bypass surgery in conditions of artificial blood circulation. Advantages" (Zurich, Switzerland) ONLINE

11.20-11.35

Sharipov Islamzjan Mamatkhanovich, DSc., Head Cardiac Surgeon of RSSPMC of Cardiology. "Aorto-coronary bypass surgery on a working heart without CPB: advantages". (Tashkent, Uzbekistan)

11.35-11.55

Pradip Nambiar, Professor, Cardio-Thoracic Department, Al Sulaiman Clinic. "Aorto-coronary bypass surgery from mini-thoracotomy access. Features of the "Nambiar technique" technique". (Dubai, UAE). ONLINE

11.55-12.10

Melikulov Alisher Alimardanovich, DSc., cardiac Surgeon of the Department of Cardiac Surgery of RSSPMC of Cardiology. "Results of simultaneous operations of carotid endarterectomy and aorto-coronary bypass surgery on a working heart".

12.10-12.25

Jalilov Adkham Kakhramonovich, Head of the Department of Cardiac Surgery of the Karshi branch of RSSPMC of Cardiology. (co-speaker Pulatov Oleg Kayumovich). "How to do a Minimal invasive direct coronary bypass".

12.25-12.40

Yulbariosv Abdurasul Abdumajidovich, DSc., Deputy Director of the Republican Specialized Center of Surgical Angioneurology. "Combined lesions of coronary and carotid basins: optimization of tactics and treatment".

12.40-12.55

Nurmatov Doniyor Khamidjonovich, cardiologist of the Angioneurology Department of the Republican Specialized Center for Surgical Angioneurology, Ministry of Health of the Republic of Uzbekistan. "Early detection of asymptomatic coronary artery disease, which is planned for carotid endarterectomy".

12.55-13.10

Q&A. Discussion

13.10-14.00

Lunch break

14.00-15.00

Breakout session #11 part 4

“Surgical treatment of structural pathology of the heart”. Chairs: Sharipov I.M. DSc.; Prof. Rashad Makhmudov.

14.00-14.20

Mahmudov Rashad Mahmudovich, DSc., Deputy Director for Science, Merkezi Gomruk Hospital. “Minimally invasive surgery of valvular heart pathology – the experience of Azerbaijan”. (Baku, Azerbaijan). ONLINE

14.20-14.35

Sharipov Islamjan Mamatkhanovich, MD, Head Cardiac Surgeon of RSSPMC of Cardiology. “Interventions on heart valves from minimally invasive approaches: the experience of RSSPMCC”.

14.35-14.50

Muchiashvili Omar Rivazovich, Cardiac surgeon of RSSPMC of Surgery named after V.V.Vakhidov. “The role of natriuretic peptides in assessing the degree of heart failure after reconstructive surgery in patients with aortic root hypoplasia”. (Tashkent, Uzbekistan)

12.55-13.10

Q&A. Discussion

ARAL REGIONAL SPECIALIZED SCIENTIFIC-PRACTICAL MEDICAL
CENTER OF CARDIOLOGY AND CARDIAC SURGERY

20.10.2022
14.00-16.00

Master class: Arutyunov A.G. DSc., Professor of the Department of Internal Diseases and General Physiotherapy of the Russian National Research Medical University. N.I. Pirogov.

“An integrated approach to risk management in the treatment of a patient with hypertension”

22.10.2022
14.00-15.00

Advisory round table with the participation of directors of branches of RSSPMC of Cardiology. Chairman - Fozilov Kh.G., Director of RSSPMC of Cardiology, Chief Cardiologist of the Ministry of Health of the Republic of Uzbekistan. “Actual tasks of providing specialized cardiological care to the population of Uzbekistan: what has been done and what needs to be done?”

PROGRAMME OF YOUNG SCIENTISTS COMPETITION. OCTOBER 21, 2022

9.40-13.00

Young scientists competition. Hall namangan.

Chairman of Jury H.G.Fozilov – director of RSSPMCC.

Secretary of Jury – H.Sh., Kuchkarov, PhD student of RSSPMCC

Member of Jury:

1. Ruziboiev R.Y. – rector of Urgench branch of TMA.
2. Nurillaeva N.M. – Professor of TMA
3. Mullabaeva G.U. – DSc., RSSPMCC
4. Alieva R.B. – PhD, RSSPMCC.

ACCEPTED PRESENTATIONS FOR THE COMPETITION OF YOUNG SCIENTISTS

09:40-09:47

Abdulayeva K.KH., Bakhriddinova N.M., Kodirov Kh.N., Uzbekova N,R
The severity of bendopnea as a prognostic marker of decompensation of chronic heart failure. Andijan state medical institute

09:47-09:54

Daminova K.M., Alieva R.B., Asrarova Z.D., Yusupova D.D., Akhmedova Sh.S., Khoshimov Sh.U., Shek A.B. Dynamics of blood lipids and PCSK9 in patients with coronary heart disease and heterozygous familial hypercholesterolemia. Republican Specialized Scientific and Practical Medical Center of Cardiology, Tashkent Uzbekistan

09:54-10:01

Kodirov Kh. N., Abdulayeva K. Kh, Bakhriddinova N. M., Uzbekova N. R.
The role of metabolic therapy in the treatment of chronic heart failure Andijan state medical institute

10:01-10:08

Makhkamova M. M., Nurillaeva N. M. Analysis of clinical and laboratory data associated with adverse outcomes in patients with myocardial infarction due to new coronavirus infection Tashkent medical academy, Tashkent, Uzbekistan

10:08-10:15

Namozov X. S. Neocuspidization of aortic valve in the modern stages Karshi branch of the Republican Specialized Scientific and Practical Medical Center of Cardiology

10:15-10:22

Saidov M. A., Achilova Sh.S., Kushnazarov R.S. Dapagliflozin in mild heart failure reduced or stored ejection fraction. Republican Specialized Scientific and Practical Medical Center for Cardiology Samarkand branch

10:22-10:29

Абдуллаев Т.А., Худойбергенов О.К., Цой И.А., Бекбулатова Р.Ш., Мирзарахимова С.Т. Желудочковые нарушения ритма сердца у больных с ПКМП в зависимости от уровня пролактина. Республиканский Специализированный Научно-Практический Медицинский Центр Кардиологии, Ташкент, Узбекистан

10:29-10:36

Амир кулов Р.Ж., Фозилов Х.Г., Амиркулов Б.Д., Эркабаев Ш.М., Султанов Б.А. Сравнительная оценка результатов катетерной аблации с использованием двух различных доступов у больных с левосторонними дополнительными предсердно-желудочковыми соединениями (ДПЖС). Республиканский специализированный научно-практический медицинский центр кардиологии, Ташкент, Узбекистан

10:36-10:43

Бекметова С.И., Абдуллаева Г.Ж., Хамидуллаева Г.А. Особенности деформационных свойств миокарда у пациентов артериальной гипертензией. Республиканский специализированный научно-практический медицинский центр кардиологии, Ташкент, Узбекистан

10:43-10:50

Бекташев И.И., Кодирова Г.И. Роль «таймерного лекарственного коробка» в фармакотерапии артериальной гипертонии. Андижанский Государственный медицинский институт

10:50-10:57

Зикриллаев Ф.А., Рахматова Д.Б. Қарияларда миокард инфаркти асоратлари. Бухоро давлат тиббиёт институти, Бухоро, Ўзбекистон

10:57-11:04
